Safe Harbor

This presentation may contain forward-looking statements, which involve risks and uncertainties that could cause our actual results to differ materially from those in such forward-looking statements.

The conditions caused by the COVID-19 pandemic could decrease customer’s technology spending, affecting demand for our services, delaying prospective customers’ purchasing decisions, and impacting our ability to provide onsite consulting services; all of which could adversely affect our future revenue, margin and overall financial performance. Our operations may also be negatively affected by a range of external factors related to the COVID-19 pandemic that are not within our control. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
