#### VALUES WE LIVE BY

- Collaborative spirit ✓
- Unrelenting dedication ✓
- Expert thinking ✓

#### INDUSTRIES THAT TRUST US

- ★ Banking, Financial Services and Insurance
- ★ CPG, Retail and Manufacturing
- ★ Technology, Media and Services
- ★ Travel, Transportation and Hospitality

#### WE HELP RUN YOUR BUSINESS

- ★ **Application development and maintenance:** Eliminate downtime and maximize benefits of critical applications. Devise customized solutions with our end-to-end business process management services. We run, rationalize, and modernize mainframe and midrange applications.
- ★ **Test engineering:** Think beyond functional testing by mapping testing requirements to business needs. Reposition QA testing from being just a quality gateway to ensuring a better user experience.
- ★ **Infrastructure management:** Leave the time-consuming helpdesk, troubleshooting and remediation tasks to us and focus on your business initiatives. We combine infrastructure management with SaaS applications to optimize performance, availability and issue remediation.
- ★ **Managed services:** Transform your IT and reduce total cost of ownership by over 45% with Atlas, our proprietary hyper-agile managed services framework. It helps design and deploy fully tested applications, scale capacity under extremely short deadlines, and eliminate integration risks.

- ★ **Integrated services and solutions:** Save time, energy and money to drive innovation through unified Agile, DevOps and Automation to manage end-to-end IT services. The solution is delivered through CAPE, a platform that integrates enterprise-wide tool chains and has inbuilt capabilities of Robotic Process Automation, Machine Learning and DevOps.
- ★ **Product engineering:** Convert your vision into successful, innovative products by leveraging our extensive experience in product engineering. We help clients go to market faster with innovative chips, real Bluetooth solutions, embedded intelligence and short range wireless services.
- ★ **Agile development:** Mindtree's Agile Center of Excellence, Gainesville, Florida generates greater business value by taking your ideas to market faster utilizing a flexible agile framework, continuous delivery, and automation.
- ★ **Automation:** Achieve process efficiency and significant cost savings with our automation solutions. Our automation approach is powered by deep expertise in automation technologies, platforms, well defined strategy and methodology, maturity assessment model and deep domain knowledge.
